Context

Welcome to the application form for Erasmus accreditation in School Education

Before starting your application, you need to read the section of the Erasmus+ Programme Guide describing the rules for Erasmus accreditations. Please pay particular attention to:

- The rules for original content and authorship: your application must be written by your organisation. It is strictly forbidden to pay other organisations or external individuals for drafting the application on your behalf.
- The eligibility criteria: read the criteria carefully and consult the website of your National Agency to verify that your organisation is eligible for the field you have chosen (vocational education and training, school education or adult education). If you are not certain which field you can apply for, you should contact your National Agency for advice.

In addition to the above, you may find it useful to read the Programme Guide section about accredited mobility projects. That section describes how you will receive funding if your accreditation is approved.

The Erasmus+ Programme Guide is available on the Europa web: [here](#)

The list of Erasmus+ National Agencies is also available on Europa web: [here](#)

Before you start writing your application, we advise you to read through the entire application form to better understand its structure and connections between different sections. In the Programme Guide you can consult award criteria that will be used to evaluate your application – you should keep them in mind when writing your replies.

Each accreditation application covers only one field (school education, adult education, or vocational education and training). If you would like to apply for more than one field, you will need to submit separate applications. Submitting more than one application for the same field is not allowed. If your organisation is already accredited, you cannot apply again in the same field.

Successful applicants for Erasmus accreditation will gain simplified access to Key Action 1 funding opportunities in their field for the duration of the accreditation's validity, under the conditions defined in the yearly calls for proposals published by the European Commission.

Applicant Organisation

To complete this section, you will need your organisation's identification number (OID). Since 2019, the Organisation ID has replaced the Participant Identification Code (PIC) as unique identifier for actions managed by the Erasmus+ National Agencies.

If your organisation has previously participated in Erasmus+ with a PIC number, an OID has been assigned to it automatically. In that case, you must not register your organisation again. Follow this link to find the OID that has been assigned to your PIC: [Organisation Registration System](#)

You can also visit the same page to register a new organisation that never had a PIC or an OID, or to update existing information about your organisation.
